

Friendly Calling Program For Seniors

DUNDAS COMMUNITY SERVICES
is looking for seniors to participate in their
Friendly Calling Program

This program is designed to connect seniors, living at home in the Hamilton area, with volunteer callers. Once a week the senior would receive a call to inform them about community events and check on their well being.

These seniors may be lonely, isolated or restricted to their home.

If you would like to receive a friendly call, or know a senior who would benefit from this program, please call Dundas Community Services

905.627.5461

A program supported by
Hamilton Niagara Haldimand Brant Local Health Integration Network (LHIN).
